## CAREER OVERVIEW

A highly motivated fresh graduate with hands-on experience in internet installation and fiber optic troubleshooting. Proficient in graphic design using Canva and equipped with working knowledge of Figma for UI/UX design projects. Experienced in selling digital products and producing visually compelling marketing materials for online platforms. Possesses foundational skills in web development, including creating static websites using HTML, CSS, and PHP. Eager to contribute both creative and technical skills to a dynamic team while continuously learning and growing in the IT and design industry.
